## 21 e) Proposals regarding the Judges Rules

### Proposal 2 from FFH (CH) - Task for the Judges & Standards Commission

We propose to give the Judges & Standards Commission the task to present the adapted articles with regard to the student judges training as a result of the new category division to the General Assembly 2014.

### Proposal 5 from JSC – addition to art. 2.3.13 (NE 4.2.5)

Change the third paragraph of the article as follows:

The Supervising Judge will compile a report, including the number of cats judged in the relevant classes, which will be given to the Probational Judge ~~who must forward the~~ to be sent in original to the FIFe General Secretary within two weeks of the show. ~~Probational Judges must be present during the Best in Show.~~

***The Supervising Judge may also appoint the Probational Judge as International Judge and allow him to vote at the Best in Show Panel provided the following requirements are met:***

- ***the Supervising Judge has checked that the total amount of cats in stage(s) is correctly fulfilled***
- ***the Probational judge is gives evidence that the letter of commitment to FIFe has been signed.***

***In any case, the Probational Judge must be present during the Best in Show.***

### Proposal 7 from JSC – new art. 2.4.2 and renumbering

We propose to add a new article about the questions for the theoretical examination for Judges continuing with a further category.

***“2.4.2 Questions for the theoretical examinations***

***If the candidate is already a Judge in at least two categories, the theoretical questions are to be divided as follows:***

- ***10 questions from the General Part;***
- ***20 questions from the category selected to which only short answers are required;***
- ***10 questions from the category selected to which long answers are required.”***

As a consequence, the following articles should be renumbered:

2.4.2 -> 2.4.3; 2.4.3 ->2.4.4; 2.4.4 -> 2.4.5; 2.4.5 -> 2.4.6

## 22 f) Proposals regarding the Show Rules

### Proposal 2 from Felikat (NL) – Showrules art. 3.9 Faults leading to disqualifications

Table of faults no. 1.5 Cats with poly- or oligodactylism

**Exception to this rule:** the polydactyl Maine Coon

### Proposal 1 from FPL (PL) – regarding art. 5.4

Withdrawn in favour of the proposal from the HWC

Amendment to § 5.4 of Show Rules FIFe concerning the age brackets for kittens presented on FIFe show in the following classes:

Added text marked with bold italics, deleted text - with strikethrough fonts.

Class 11: Junior class (~~kittens aged 6-10 months~~) (***kittens aged 7-10 months***)

This class is open to cats which are aged ~~6~~ ***7*** months during the show but not yet 10 months old, in consideration of articles 1.17e and 3.1.

Class 12: Kitten class (~~kittens aged 3-6 months~~) (***kittens aged 4-7 months***)

This class is open to cats which are aged ~~3~~ ***4*** months during the show, but not yet ~~6~~ ***7*** months old, in consideration of articles 1.17e and 3.1.

### Proposal 1 from SZCH (SK) - Addition and modification to article 6.8.1 of the FIFe Show Rules

6.8.1 Layout and language

.....

The judge's report must contain at least the following data: *the first 4 bullets remain unchanged...*

- date of birth ***and sex***
- ***breeds and colours (EMS-code) of father and mother***
- class in which the cat is to be judged.

### Proposal 7 from SC – new article: harmonising exceptions for certificates gained in 1 country

***For exhibitors residing in the countries listed in Annexes 3, 4 or 6 which have an exception valid until an expiration date:***

- ***the exception will remain valid until the expiration date and cannot be extended***
- ***after the expiration date the rule below will come into effect.***

***In all other cases the following rule applies:***

***Exhibitors which cannot participate at international shows in foreign countries due to the geographic location of their residence or have severe difficulties and limited possibilities to do so, may gain certificates towards all Champion-/Premiership titles (CH/PR – SC/SP) for their cats in one country if one or more of the following conditions are met:***

- the nearest international show in another country can only be attended by plane***
- the nearest international show in another country is more than 500 kms by road***
- official veterinary border restrictions.***

***The required number of certificates and different judges remain the same as valid for obtaining certificates in two different countries (see articles 4.3, 4.4.b and 4.5.b).***

**Proposal 8 from SC – new article: definition of show types and 1 day 2 certificates show**

**Part 2: The new show type “1 day 2 certificates”**

*Once per calendar year FIFe Members may organise a 1 day 2 certificates show which may be spread over two consecutive days if split by categories or breeds.*

*For 1 day 2 certificates shows the following additional rules apply:*

- 1. they will only be accepted on the official show calendar when they have a fixed place and no less than 400 km distance by road to already listed shows in the period of two weeks before until two weeks after the requested date*
- 2. they must have two panels of different officiating judges, to be indicated as such on the show schedule (see article 1.10.c) and in the show catalogue*
- 3. they must permit entering cats for either one specific or for two competitions (i.e. for 1 or 2 assessments, giving the possibility to obtain 1 or 2 certificates when entered in the show classes 3 - 10)*
- 4. their show catalogue must indicate in which competition(s) each cat participates*
- 5. for cats entered for both competitions: class changes as a result of the first assessment must be communicated as soon as possible and in writing by the show secretariat to the judge assigned for the second assessment*
- 6. they must have two separate Best in Show elections, one for each competition*
- 7. once a 1 day 2 certificates show has been accepted on the official show calendar, other shows requested by the same FIFe Member on the day before or after this show must have no less than 400 km distance by road.*
